Professional Work Experience

CEO/President – Pied Piper

2013 - 2015 1 year

Pied Piper is a multi-platform technology based on a proprietary universal compression algorithm that has consistently fielded high Weisman Scores™ that are not merely competitive, but approach the theoretical limit of lossless compression.

- · Build an algorithm for artist to detect if their music was violating copy right infringement laws
- Successfully won Techcrunch Disrupt
- Optimized an algorithm that holds the current world record for Weisman Scores

Education

University of Oklahoma

Information Technology Bachelor

- DB1101 Basic SQL
- CS2011 Java Introduction

Awards

Digital Compression Pioneer Award

Techcrunch

There is no spoon.
